

MATERIAL SAFETY DATA SHEET

Date of Issue: August, 2007

Page 1 of 1

Not Classified as Hazardous according to criteria of the NOHSC Australia

Identification

Product Name: FABRI SOFT
Other Names: Not Applicable
Manufacturers Product Code: 175 (5L – 25L)
UN Number: Not Applicable
Dangerous Goods Class and Subsidiary Risk: Not Applicable
Hazchem Code: Not Applicable
Poisons Schedule Number: Not Applicable
Packing Group: Not Applicable

Use

In the rinse cycle for softening of fabrics.

Physical description and properties

Appearance: Yellow opaque slightly viscous liquid with a fresh residual fragrance.
Boiling Point: Approximately 100°C
Vapour Pressure: Not Applicable
Specific Gravity: 1000 ± 0.1
Flashpoint: Not Applicable
Flammability Limits LEL: Not Applicable
Solubility in Water: Freely soluble
PH Value(neat): 5.5 –6.5

Ingredients

Chemical Name	CAS Number	Proportion
Methyl hydroxyethyl ammonium methyl sulphate ethoxylate	68410-69-5	10 - 30 %
Other ingredients determined not to be hazardous make up the balance to 100%		

Health Hazard Information

• Health Effects

• Acute

Swallowed: Irritant to mucous membranes. May cause abdominal pain and nausea

Eye: Mild irritant. Prolonged contact with eye may cause some discomfort and reddening of the eyes.

Skin: Mild irritant.

Inhaled: Mild respiratory irritation.

* *Chronic*

• First Aid

Swallowed: **DO NOT** induce vomiting. Give a glass of water and seek medical advice.

Eye: Hold eyelids open and flush with water for at least 15 minutes. Seek medical advice.

Skin: Remove any contaminated clothing and wash skin thoroughly with soap and water. If swelling, redness or irritation occurs seek medical advice.

Inhaled: Remove to fresh air. Seek medical attention.

• Advice to Doctor

Treat symptomatically. Show this M.S.D.S. to the medical practitioner.

Precautions For Use

Exposure Standards: There is no exposure standards allocated.

Engineering Controls: Adequate ventilation is necessary.

Personal Protection: Avoid contact with skin and eyes.

Flammability: Non combustible material.

Safety Handling Information

Storage Precautions: Not defined as a dangerous good by the Australian code for the transport of Dangerous Goods by Road and Rail. Keep containers closed at all times. Store away from food, acids, combustible materials and dangerous goods.

Spills and Disposal: Slippery when spilt. Remove and dispose according to government regulations. For small spills, wash with plenty of water. Wash away residue with large amounts of water.

Fire/Explosion Hazards: Not flammable. Extinguish with water, CO₂, foam or dry chemical.

Other Information

This MSDS is valid for five (5) years from the date of issue, but may be revised at any time prior to that date. Users of the document should contact Osher Blue to ensure they are using the latest issue. Since Osher Blue cannot anticipate or control the conditions under which this information may be used, each user should review the information in the specific context of the intended application.

Osher Blue will not be responsible for damages of any nature resulting from use or reliance upon the information. No expressed or implied warranties are given other than those implied mandatorily by Australian Legislation.
